

DELHI POLICE PUBLIC SCHOOL
HOLIDAY HOMEWORK (2024-25)
CLASS: IX

Dear Students

As we approach the holiday season, we are thrilled to announce an enriching opportunity for each of you. Your holiday homework awaits, but they are not random assignments, but a gateway to exploration, creativity, and personal growth. Let's embrace this chance to delve deeper into our subjects, expand our horizons, and celebrate the joy of learning together. We are confident that each of you will rise to the occasion and showcase your exceptional abilities. Let's not let those grey cells rust away as we spend time with our loved ones! Happy holidays!

THEME: Andaman & Nicobar Islands

ENGLISH

1. ART-INTEGRATED PROJECT: Make a suitable advertisement enticing tourists to try out adventure sports that your company offers. Take ideas and vocabulary from Unit-2 of your Main Course Book. The advert should be made on a light-coloured A-4 sized sheet, and should have suitable language content in the form of details, not just artistic elements.

Also, submit a research-based news article on: Conservation efforts and threats to the local system. (200 words) [Based on the Andaman and Nicobar Islands]

2. Original compositions on the theme- **INSPIRING MOMENTS**, for the school magazine. They can be – anecdotes, poems, quotes, etc. Please ensure they are written neatly on A-4 sized sheet with your credentials at the end. Selected pieces will be published in the next edition of the school magazine.

MATHS PROJECT:

The Cellular Jail ,also known as Kala Pani was a British Colonial prison in the Andaman & Nicobar Islands. Today,the complex serves as a national memorial monument.

Make a project on the architecture of cellular jail

Andaman & Nicobar Islands considering its mathematical aspect.

SCIENCE ART INTEGRATION PROJECT

Air is one of the basic necessities of our life. Due to human activities ,day by day the quality of air is getting deteriorated which has a strong impact on human health. AQI index is a yardstick to measure the concentration of pollutants in air and its consequences on human's health. Make a report on comparative study of AQI index of Delhi with that of AQI index of Lakshadweep islands. The report should include the following details

Major pollutants responsible for increase in AQI level

Causes of these pollutants

Comparative study of AQI level of both the regions mentioned in the form of either a pie chart or bar diagram.

The project work should be done in a scrapbook. Paste photographs wherever necessary.
