

Our summer vacation has begun,  
It's time for loads and loads of fun.  
The kids will take help from Mom and Dad,  
and learn something new and they will be glad.

Yippie! Summer Holidays are here. Let us have  
fun with our family and enjoy doing a few of  
our favourite things.

Dear Parents,

We hope you are safe, healthy and taking good care of yourself and your family. We hope that the children are enjoying and are delighted learning the new concepts being taught. With summer vacation around the corner, we have put together a few fun activities to make this time more enriching and enjoyable. This will also help keep the child fruitfully engaged. These simple activities have been designed to develop motor skills of your child and to make them more independent.

1. Please reinforce the concepts already covered in the class.
2. Please use crayons to do the worksheets and emphasize the correct tripod way of holding the crayon.
3. **Story Time**- Listening to stories and narrating them, improves the vocabulary and verbal skills. Please tell a story to your child every day.
4. **Play Games** – Have fun while staying indoors by playing games like ludo, carom, memory games etc. with your child.
5. Remember to use magic words like **Please, Sorry, Thank you and Excuse me** in your daily routine to inculcate good moral values in the child.
6. Make them more independent by letting them try wearing their clothes, shoes and socks themselves. Let them button and unbutton their shirt and fasten the Velcro of their shoes and toilet train them.

Please make your child practice opening and closing their tiffin box and water bottle to make it easier for them when they join school.

Let them take care of their toys. Tell them to put the toys back in proper place after playing with them.

We wish you happy and fun filled holidays.

Regards

How Independent can I become?

Make your child more independent by teaching him/her various activities like:

# + Buttoning and Unbuttoning the shirt.

✚ Arranging their Toy shelf.

+ Learning to  
wear  
shoes and socks.

+ Learn your Home Address & Parents Mobile  
Phone numbers.

The image features two shelves filled with various hygiene and personal care items against a dark blue background. The top shelf contains a tube of toothpaste, a cup with two toothbrushes, a pink hairbrush, a large blue bottle of mouthwash, a green box of tissues, and a small jar of cream. The bottom shelf holds a pump bottle of hand sanitizer, a jar of cream, a bottle of liquid soap, a pink sponge, a bar of soap, and a roll of toilet paper. The word 'HYGIENE' is prominently displayed in the center in large, bold, red capital letters with a thin red underline.

# HYGIENE

+ Brush your teeth  
twice a day.

+ Trim your nails often.

**†Do not waste water and electricity.**

✚ Try to shampoo your hair/take bath independently

✚Keep your surroundings and environment clean.

†Practice Yoga and Pranayama with your Parents.

# Activity 1

## Show and Tell

**Learn 2-3 lines about your favourite toy and show and tell it to your friends when you come to school.**

**Activity 2** Place food and Water in two bowls in your balcony or terrace for birds.

Parents please explain the importance of food and water for birds and animals to the child.

### Activity 3- Germination

Take any empty ice cream cup or box available at home and put some cotton in it. Help the child put a few seeds of Rajmah or Channa or Green Dal on top of cotton. Tell the child to add little water to it and keep it in the sunlight.

Let the child water the plant every alternate day and watch the plant grow.

Parents please explain your child how difficult it is to grow food and that It should not be wasted.

It is a bad habit to throw things out of the

windows, car or balcony.

**Say the phonic sounds with your child every day to make them learn sounds thoroughly**
